Microsoft Publisher by Design: An Example Packed Guide to Desktop Publishing Using Microsoft Publisher : Version 2 Luisa Simone

The first section of the book covers Windows, using Help in Publisher and basic principles of Publisher such as the frame metaphor and objects. The second section introduces and explains Publisher's tools. The third section guides the reader step by step through projects ranging from simple (letterhead) to complex (a newsletter). This tutorial section teaches the readers design skills within the context of specific projects. So, someone who wants to design a newsletter can either learn how to use and modify a PageWizard document or how to create a publication from scratch. The emphasis is always on straightforward concepts and advice.
