Offshore Technology in Civil Engineering: Hall of Fame Papers from the Early Years

Offshore Technology in Civil Engineering: Hall of Fame Papers from the Early Years

The Offshore Technology Conference (OTC) is the world's leading event for the development of offshore resources in the fields of drilling, exploration, production, and environmental protection. "Offshore Technology in Civil Engineering: Hall of Fame Papers from the Early Years, Volume Three" is a collection of the nine winning papers inducted in 2008. The ASCE OTC Committee have chosen these classic documents to represent the outstanding papers from the early years of the OTC that withstand test of time. These classic documents, together with those contained in the preceding volumes, form a core of current practice worldwide, covering major topics in offshore technology. This volume will be valuable to anyone involved in the design, construction, and installation of offshore infrastructure.
