**Inland Waterways Manual: The Complete Guide to Boating on Rivers,Lakes and Canals** Emrhys Barrell

There are more than 4,000 miles of navigable waterways in Great Britain, with more in Ireland and Europe. This book tells the reader all they need to know about how to get afloat · which boat to choose, whether to hire or buy, how much it will cost, and where they can go. Boat handling and manoeuvring are covered in detail, along with maintenance and repair. And there is a section on trailer boating for those who want to keep their boat at home, advice on living aboard for long periods, night-time navigation and training. This is the only book novices will need.
