**Microeconomics, Study Guide** David Besanko, Ronald Braeutigam

As a study guide, this handbook really stands out. It explains the principles very clearly in a logical order and it uses a lot of examples and cases for students to practise the new techniques. The chapters start with a story to show the reallife relevance of the concepts, which is clearly appreciated by the students. Highly recommended for teaching first-year students!

Dr Catherine Schaumans, University of Tilburg, The Netherlands
