Excerpt from What Christian Science Means and What We Can Learn From It

Those who read this volume in the expectation of finding in it an attack upon Christian Science will be disappointed. To all that is good in Christian Science there is given ungrudging recognition. That there is much to be said in its favor is not disputed, but that it is fashioned after the New Testament type is more than questioned. The attitude maintained toward it is that of one who, having carefully weighed the utmost it has to say in behalf of its lofty claims, turns alike to those who have found in it a resting-place, and to those who are looking wistfully towards it for physical and spiritual help, saying, "Yet show I unto you a more excellent way."
