Macromedia Dreamweaver MX merges the faultless visual layout tools of Dreamweaver and the powerful yet easy-to-use database integration offered by UltraDev into a product that is simply the most vital piece of software any web designer can own.

Unlike many other books, Foundation Dreamweaver MX concentrates on both sides of this alliance, looking to the future. No matter what your background, this book will give you a solid foundation in graphic design and layout issues as well as a full grounding in the powerful database integration features that Dreamweaver MX offers.

The truth is that database integration is no more of an extra in today's climate than faultless visual design, and this book is here to guide you through this new world, covering dynamic scripting with PHP and the popular MySQL database.

This book is suitable for both PC and Mac (OS X needed) platforms.
