The book *Raised by a Single Parent* intends to draw a line between the background of a person and the individual him- or herself. It will help the reader to embrace the gift of life by finding reasons to live, as ordained and appointed by God. The book will help you develop a positive attitude to enable you to perceive life positively and to triumph over all sorts of challenges facing you as a young person. It seeks to affirm that you are not a mistake nor an accident. You are born for a purpose despite the conditions of your conception. If there is someone to blame, you cannot bear it. This book will also inform your faith positively. It shows you that your success is not limited to your background. Many can do their best, but no one can do the best you can do. This book seeks to affirm that, the fact that you are not loved as you would have wished does not suggest that you are not lovely. You are a unique individual, so learn to treat yourself as such by not being hard on yourself with things you are not responsible for. This book will help you put your dreams back on track. It will refine your dreams. It will inspire your thoughts.
