## **The Classic Era of American Comics** Nicky Wright

In terms of both words and images, the American comic book had a tremendous impact on popular culture. Comics could be funny and cute, or they could be bizarre, morbid, risqué (acute accent), violent, and bursting with the subconscious desires of youth culture. *The Classic Era of American Comics* is a celebration of the golden era of American comics and the wonderful art and stories it produced. This volume takes a look at the pioneers of the comic book and the industry's founding connections with sleazy pulp magazines; the campaign for censorship in the fifties; the unstable and oftentimes unfair relationship between artists and publishers--how comic artists' work wasn't considered art at the time; and, of course, the exciting comics themselves.

*The Classic Era of American Comics* covers all of the genres--superheroes, westerns, crime, horror, war, science fiction, girl comics, animal characters, and more. It is vibrantly illustrated with more than 400 stunning color images and includes a foreword by Joe Kubert, editor of Sgt. Rock, illustrator of Hawkman, and producer of Fax from Sarajevo.
