Ascendant: The Complete Edition Richard Denoncourt

17-year-old dishwasher Michael Cairne always thought he was just a normal kid growing up in your average, everyday dictatorship - until he discovers he has the ability to read minds. Inside his oppressive country, about 1 in 100 people are born with a minor form of telepathy, but Michael's ability is much more powerful and can be used as a weapon. This puts him on the run from shady government men intent on dissecting what is inside his brain.

Louis Blake is an aging, ex-military general who knows what Michael is going through. After a tragic event leaves Michael alone in the world, Blake takes him under his wing, smuggling him out of the country to secretly train him in a mountain town in what used to be Colorado. With only a few years left to live, Blake intends to turn Michael into the leader his rebel faction needs. He will do this because of a promise he made long ago to a woman he loved - a woman who gave birth to the most dangerous boy known to mankind.

When Michael meets a beautiful "empath" named Arielle, and her jealous older sister, Charlotte, he will begin a downward spiral with lasting consequences. As his telepathic ability and his love for Arielle grow stronger, so does something else - a need to see the world changed, whether it be to raise it up, or burn it to the ground.
