The Hegel Lectures Series
Series Editor: Peter C. Hodgson

Hegel's lectures have had as great a historical impact as the works he himself published. Important elements of his system are elaborated only in the lectures, especially those given in Berlin during the last decade of his life. The original editors conflated materials from different sources and dates, obscuring the development and logic of Hegel's thought. The Hegel Lectures series is based on a selection of extant and recently discovered transcripts and manuscripts. The original lecture series are reconstructed so that the structure of Hegel's argument can be followed. Each volume presents an accurate new translation accompanied by an editorial introduction and annotations on the text, which make possible the identification of Hegel's many allusions and sources.

Lectures on the Philosophy of Religion
One-Volume Edition, The Lectures of 1827

Hegel's Lectures on the Philosophy of Religion represent the final and in some ways the decisive element of his entire philosophical system. In Peter C. Hodgson's masterly three-volume edition, being reissued in the Hegel Lectures Series, from which this volume is extracted, the structural integrity of the lectures - delivered in 1821, 1824, 1827, and 1831 - is established for the first time in an English critical edition based on a complete re-editing of the German sources by Walter Jaeschke. This one-volume edition presents the full text and footnotes of the 1827 lectures, making the work available in a convenient form for study.

Of the lectures that can be fully reconstructed, those of 1827 are the clearest, most mature, and most accessible to nonspecialists. In them, readers will find Hegel engaged in lively debates and important refinements of his treatment of the concept of religion, the Oriental religions and Judaism, Christology, the Trinity, the God-world relationship, and many other topics.

This edition contains an editorial introduction, critical annotations on the text and tables, bibliography, and glossary from the complete edition. The English translation has been prepared by a team of eminent Hegel scholars: Robert F. Brown, Peter C. Hodgson, and J. Michael Stewart, with the assistance of H. S. Harris.
