Revision Notes for the Respiratory Medicine Specialty Certificate Examination (Oxford Higher Specialty Training) Caroline Patterson, Meg Coleman

The newly introduced Specialty Certificate Examinations are a compulsory component of assessment for all UK medical trainees and represent the final examination barrier before being able to apply for consultant positions. This book provides a unique examination-specific revision guide for the SCE in Respiratory Medicine.

Comprising of best of five multiple choice questions, detailed answers and separate revision notes, Revision Notes for the Respiratory Medicine Specialty Certificate Examination is the only book you need to prepare for this important examination.

Questions are based around clinical scenarios and supplemented with images of radiological investigations such as x-rays and lung function tests. Each question is structured as in the examination itself.

The revision notes cover key areas and difficult concepts assessed in the examination, referencing national and international guidelines in topics including respiratory infection, respiratory malignancy, industrial lung disease, sleep disorders, standard respiratory tests and medical statistics.
