THIS BOOK REPLACES ALL RELIGIOUS TEXTS: easier to carry one simple book than a pile of heavy holy books from every religion! Told thru the spirited conversations between Leonard Vovnik, one of the 36 cosmic teachers of compassion, and his student, this book becomes THE essential guidebook to living a compassionate life as a Human from Earth. The 36 Leonard Vovniks focuses on the less talked about, but equally devastating cultural cruelties such as circumcision, female genital mutilation, animal castration, animal cruelty thru factory farming, sexual repression and distortion by religion and the dozens of seemingly invisible forms of violence that infect our planet. This book will very uncomfortably open your eyes to the ways that we as humans violate each other's rights in ways that much of society finds acceptable and even encourages. The farce of all religions gets exposed as the violent, unfeeling, brainwashing cults that they are. The concepts of culture, tradition and identity are deconstructed to show that they only have ever caused harm in human history. Learn your place in the universe and how to feel at peace whether you are an atheist or a deist. You can take these messages, share them with everyone you know and don't know, and make the world a better, more compassionate place. But above all, remember to live life compassionately. Shed the identity forced upon you by religion, culture, tradition and society. Only then will you be truly free.
