## **Art & Money** Julia Trops

Art & Money: This is not a thick book, nor one that it will take you a long time to read if you read it like a novel. This is not a novel however, and I don't give you superfluous chatter and nonsensical musings. What you will get is a down to earth, business oriented book with my real life examples of working with other artists, businesses and non profits. This book is about artists and money, artists in the community, artists supporting artists, artists and businesses, and about artists and charities. Take these principles and apply them if you are in a larger city. If you are like me, you will use the info in this book, and the info in other books to help you in your career that is also your journey.
