Katrina: In the Aftermath of a Killer Eric Dunbar

In August of 2005, while the southern region of the United States braced for the impact of Hurricane Katrina, Eric began writing, giving birth to his book release, "KATRINA...In the Aftermath of a Killer." Little did he know that Katrina would develop into a category 5 hurricane before slamming the city of his birth, totally devastating the Crescent City. Hurricane Katrina is without a doubt one of if not the most devastating hurricane to impact the continental United States in this century. Marooned in a lifeless city for five days, Author Eric Dunbar describes his personal experiences in the aftermath of Hurricane Katrina as she unleashed her fury on one of the nation's heavily populated cities, the city of New Orleans. Could there have been a faster response on the part of the United States Government? Was it bad judgment or lack of ability on the part of thousands of people who chose to stay as opposed to leaving? These are just a few questions that Eric seeks to answer. Learn the real reason why thousands of people did not evacuate in the wake of this devastating monster.
