## Christ Returns - Reveals Startling Truth Recorder

This is the second edition of a groundbreaking spiritual book which originally appeared under the title *Christ Returns - Speaks His Truth*. In this astonishing book of letters dictated by the Christ Consciousness in the year 2000, Christ refutes religious dogma and explains in lucid and concrete terms the spiritual and scientific Truth of Existence, and how to connect through daily meditation with Divine Consciousness and overcome the dominance of the ego. The style of writing is accessible to all and gripping. From lay person to spiritual master, the reactions have been strong, and the resulting personal transformations have been widespread and profound. Many have remarked the unusually high vibratory rate of this work. Excerpts from the Letters: *Because people are on the threshold of a world crisis of enormous proportions, it is vital for survival that I, the Christ, should reach all who will listen. You know little of the true processes of creation in which you, yourselves, play a major role. It is imperative you should understand them sufficiently to enable you to embark on the implementation of a higher vision for all humanity. The New Testament, as it stands, with all its baggage of misinterpretation is a deterrent to spiritual evolution. It is now time to move forward into a new realm of mystical perception and understanding. Since it is impossible for me to descend into human body again to speak to the world, and I have other dimensions to whom I minister, I have trained a sensitive soul to receive and transcribe. It is the nearest I can do to talking to you personally. I hope you will be able to receive and accept this.*
