In this age of information technology and instant communications, it would be a very good idea to know a few facts about Hindu Dharma Culture rather than being ignorant of what it has to offer. Your next door neighbor, co-worker, or traveling companion could be a Hindu Dharma person. So, knowing it is empowering that gives a positive meaning to one's life and also facilitates appreciation of who they really are and how to interact with them. Hindu Dharma Culture has one billion worldwide adherents, meaning 1/6th of the present day humanity. If one adds its sister traditions of Buddhism and Animism, then they are 1/3rd of humanity. Astonishingly, that is one in every three people on earth. Hindu Dharma Culture has many names in vogue such as Hinduism, Vedic Culture or Yoga people. Hindu Dharma Culture is not the typical religion or culture that one sees around. Now, it is the time; please come in and let us explore and experience together the greatest socio-spiritual-scientific tradition on earth for all times to come. However, in this Iron Age of Kali-yuga (4th age), Hindu Dharma Culture has been mired in controversies due to the misunderstanding of both the practitioners and the non-practitioners alike. To dispel such misunderstandings, we are presenting this Nano series guide booklets. We hope this will be useful to you, your family, your friends, your relatives and others. More of these would be made available in due course of time, for a deeper understanding of the Hindu Dharma Culture, in its length, breath and width.
