## Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, ... Part III (Lecture Notes in Computer Science)

The 13th International Conference on Medical Image Computing and Computer-Assisted Intervention, MICCAI 2010, was held in Beijing, China from 20-24

September, 2010. The venue was the China National Convention Center (CNCC),

China's largest and newest conference center with excellent facilities and a prime location in the heart of the Olympic Green, adjacent to characteristic constructions like the Bird's Nest (National Stadium) and the Water Cube (National Aquatics Center). MICCAI is the foremost international scientific event in the field of

medical image computing and computer-assisted interventions. The annual conference has a high scientific standard by virtue of the threshold for acceptance, and accordingly MICCAI has built up a track record of attracting leading scientists, engineers and clinicians from a wider range of technical and biomedical disciplines.

This year, we received 786 submissions, well in line with the previous two conferences in New York and London. Three program chairs and a program committee of 31 scientists, all with a recognized standing in the field of the conference, were responsible for the selection of the papers. The review process was set up such that each paper was considered by the three program chairs, two program committee members, and a minimum of three external reviewers. The review process was double-blind, so the reviewers did not know the identity of the authors of the submission. After a careful evaluation procedure, in which all controversial and gray area papers were discussed individually, we arrived at a total of 251 accepted papers for MICCAI 2010, of which 45 were selected for podium presentation and 206 for poster presentation. The acceptance percentage (32%) was in keeping with that of previous MICCAI conferences. All 251 papers are included in the three MICCAI 2010 LNCS volumes.

**From reader reviews:**

**Richard Tipton:**

Within other case, little people like to read book Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, ... Part III (Lecture Notes in Computer Science). You can choose the best book if you'd prefer reading a book. Given that we know about how is important any book Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, ... Part III (Lecture Notes in Computer Science). You can add information and of course you can around the world by just a book. Absolutely right, mainly because from book you can learn everything! From your country right up until foreign or abroad you will be known. About simple matter until wonderful thing you are able to know that. In this era, we are able to open a book or searching by internet system. It is called e-book. You may use it when you feel fed up to go to the library. Let's study.

**John Herrera:**

Book is definitely written, printed, or outlined for everything. You can learn everything you want by a reserve. Book has a different type. As it is known to us that book is important issue to bring us around the world. Close to that you can your reading ability was fluently. A guide Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, ... Part III (Lecture Notes in Computer Science) will make you to always be smarter. You can feel much more confidence if you can know about everything. But some of you think which open or reading a new book make you bored. It isn't make you fun. Why they might be thought like that? Have you in search of best book or suitable book with you?

**Nicholas Thiede:**

The book with title Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, ... Part III (Lecture Notes in Computer Science) includes a lot of information that you can discover it. You can get a lot of profit after read this book. This book exist new understanding the information that exist in this publication represented the condition of the world right now. That is important to yo7u to find out how the improvement of the world. This particular book will bring you within new era of the the positive effect. You can read the e-book with your smart phone, so you can read the idea anywhere you want.

**Jennifer Valdovinos:**

Do you like reading a guide? Confuse to looking for your selected book? Or your book was rare? Why so many problem for the book? But any kind of people feel that they enjoy regarding reading. Some people likes reading, not only science book but in addition novel and Medical Image Computing and Computer-

Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, ... Part III (Lecture Notes in Computer Science) or maybe others sources were given expertise for you. After you know how the truly amazing a book, you feel wish to read more and more. Science book was created for teacher or students especially. Those ebooks are helping them to increase their knowledge. In various other case, beside science book, any other book likes Medical Image Computing and Computer-Assisted Intervention -- MICCAI 2010: 13th International Conference, Beijing, China, September 20-24, 2010, ... Part III (Lecture Notes in Computer Science) to make your spare time considerably more colorful. Many types of book like this one.
