## Veterinary Forensic Sciences: A Casebook for Animal Evidence

This book is unique in that it follows a selection of criminal cases involving animal evidence from the initial report and investigation to final prosecution and resolution. Each case highlights a particular investigative method, forensic technique, or presentation. The purpose is to make investigators, crime scene analysts, law enforcement and animal control professionals, prosecutors, and veterinarians more aware of the diversity of techniques and investigative approaches available to them in cases where animal evidence is involved.
