What happens when a High Priest becomes addicted to crack cocaine? Should an unemployed bank teller take in a homeless protestor from the Occupy movement? Do gay people have positive near-death experiences or unhappy ones? Is there a way to splice the empathy gene into the genome of every human? Can a schizophrenic woman on anti-delusional drugs keep her belief in an intangible God? Will a childless biochemist be able to find fulfillment by taking part in a mission to Mars? Should a meek stay-at-home Mom become involved in an international protest against fracking? Not every Latter-day Saint has a mainstream story to tell, but these soul-searching people are all still more than just "Marginal Mormons."
