Human relationships contain infinite possibilities, but the fairytale ideal of companionship does not exist for most people. In *Consensuality*, Helen Wildfell and her co-adventurers detail the process for creating a healthy, successful relationship and avoiding common pitfalls. The authors explore gender identity, sexual boundaries, power struggles, and emotional dysfunction. They offer their experiences in overcoming regret and resentment, finding self-empowerment, and provide hard-won communication tips for building healthy partnerships. Filled with personal descriptions of the complex layers in human interaction, *Consensuality's* stories and illustrations combine gender studies with memoir to truly make the personal political.
