## Museum wise: Workplace Words Defined

A glossary of technical terms encountered in the management and preservation of museum collections. In collection management, the speakers and contexts are many. In order to communicate with the scientist, the conservator, the librarian, and the registrar with equal facility, the collection manager must be familiar with terminology from a number of allied professions and subdisciplines - library science, archival management, conservation, health and safety, fiscal management, personnel management, academic research discipline, and more. In this compilation, the authors focused on glossaries from a variety of disciplines in order to assist individuals in understanding the diversity and nuances of those terms often encountered in managing and preserving collections. A project of the Documentation Committee of the Society for the Preservation of Natural History Collections. Includes terms derived from 48 bibliographic references as well as numerous additions from the editors.
