## **Revealing Hamilton (JackRabbit7 Series) (Volume 1)** Sarah Jayne Carr

A conversation with a stranger changes Amelia Hamilton's life forever. When she learns her grandfather faked his own death, normalcy slips from Amelia's grasp. To make matters worse, he is coming for her in less than seven days. What she hasn't determined is why. Amelia's grandfather, Marius Benedict, once headed The Physician Coalition, an elite group of doctors who threw the Hippocratic Oath out the window. Years ago, they used a low-risk medical research study as a front for their experiments. Without their consent, innocents were injected with JackRabbit7, a hazardous substance used to alter their DNA. The victims were left with less-than-desirable super-human powers or excruciating death. Years after he disbanded the group, Marius has a new plan and is reforming The Coalition. Max, a mysterious stranger from the Insurance Agency, offers to help keep Amelia safe. He introduces The Agency as an underground government organization that contains and eliminates those who intend to harm the world. To protect The Agency, the truth of their activities are concealed and replaced with sugar-coated stories in the media. Over the course of the next week, Amelia has to accept the truth and learn who can be trusted. At midnight on her 23rd birthday, a contract between The Coalition and The Insurance Agency will expire, giving Marius full rein to approach his granddaughter and finish the project he started with her so many years ago.
