"I kill everything I plant."

Does this sound like you or someone you know? Give yourself a pat on the back because admitting you have a problem is the first step to recovery. And lucky for you, you can easily turn your brown thumb into a green one with the help of *Plants You Can't Kill*.

Seriously—it doesn't matter how many plants you've killed in gardens past. It's time to put those experiences behind you and finally grow something in your empty and bare spots. This is the only gardening book you'll ever need with more than 100 plant picks for every situation. You want veggies? We have 'em. You need to fill a big space? We have shrub ideas for you. You just want something pretty? We have plenty of that, as well.

The plants in *Plants You Can't Kill* have been vetted by an amazing and famous panel of horticulture experts (this is just a fancy way of saying they went to college for gardening), so feel confident you're not wasting money on yet another gardening book. These plants will actually survive your well-meaning, yet sometimes neglectful ways.

Ready for the most resilient, hardcore, badass list of plants known to gardeners? Find them and grow them with the help of *Plants You Can't Kill*.
