Twenty-year old college student Leia Hamilton discovers that she can move things -- and set them on fire -- with her mind! Her life soon spirals completely out of control while she learns about herself and the past her parents have tried to protect her from, one involving a team of super heroes and the super villains they once fought. Although that team disbanded two decades ago after a series of tragedies, they've only passed on their problems to their children without realizing it. In Leia's case, this leads to a personal crossroads and a search for redemption.
