Design for Dying

Timothy Leary

Design for Dying Timothy Leary
As the fringe guru himself put it, "Mademoiselle Cancer moved in to share [his] body." But in the days before he died, Leary -- never one to miss an opportunity for a party -- used his approaching death to create an exuberant new vision of what dying can be. Optimism, courage, joy and spirituality were central to Leary's final days and his death. *Design for Dying* -- Leary's last book -- shows us how we too can make dying the high point of life.

Irreverent, thought-provoking and hilarious, Leary's parting shot pioneers new ways to die and new ways for the living to think about death. Urging us to take control of our deaths (and even to determine when and how we will die), Leary relates his own plan for "directed dying," a death we plan and orchestrate to reflect our own lives and values.

And the psychedelic prophet flings open a whole new range of beyond-death possibilites for the wired generation. From downloading consciousness onto the Net -- so that our souls can outlive our bodies -- to the way technology can enhance the final days of the dying to the far-out promises of cryogenics, Leary provides fascinating insights into how technology may eventually help us improve, and even sidestep, death. A thorough guide to death and dying resources and to online tools and further reading lists completes this surprising, funny and totally original look at the new frontiers of death.

Speaking to everyone who has ever wondered if there's more to death - -if there's life beyond the final frontier, if death really means the end, if dirges and hearses and funeral flowers are really how we want to be remembered -- Leary's flamboyant final statement rteveals revolutionary ways to die and redefines, with Leary's trademark creativity and joy, how the living can think about death.

From reader reviews:

Linda Pillar:

As people who live in typically the modest era should be update about what going on or information even knowledge to make these people keep up with the era which can be always change and make progress. Some of you maybe can update themselves by examining books. It is a good choice for you but the problems coming to an individual is you don't know what one you should start with. This Design for Dying is our recommendation so you keep up with the world. Why, as this book serves what you want and need in this era.

Cheryl Kirkland:

Now a day folks who Living in the era exactly where everything reachable by talk with the internet and the resources included can be true or not demand people to be aware of each data they get. How a lot more to be smart in receiving any information nowadays? Of course the reply is reading a book. Studying a book can help men and women out of this uncertainty Information mainly this Design for Dying book as this book offers you rich details and knowledge. Of course the information in this book hundred per cent guarantees there is no doubt in it everbody knows.

Jacqueline Britt:

Spent a free the perfect time to be fun activity to perform! A lot of people spent their sparetime with their family, or their particular friends. Usually they doing activity like watching television, planning to beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? Could be reading a book can be option to fill your free of charge time/ holiday. The first thing that you'll ask may be what kinds of e-book that you should read. If you want to test look for book, may be the reserve untitled Design for Dying can be good book to read. May be it may be best activity to you.

Nancy Byrom:

As a college student exactly feel bored for you to reading. If their teacher asked them to go to the library or make summary for some reserve, they are complained. Just minor students that has reading's internal or real their leisure activity. They just do what the educator want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that reading is not important, boring as well as can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Design for Dying can make you feel more interested to read.
