Do you like the sound of a holiday in the Italian countryside, or a trip to one of Italy's picturesque cities, without spending a fortune? Michelin brings you a selection of 180 hotels and 120 country guesthouses for fewer than 100 euros carefully chose for the quality of their service and unique features.

For each listing:

- a color photo and short description of each establishment
- the rates for single and double rooms, in and out of season
- Comments on the little extras that make all the difference to your holiday indicated by our "we most liked" symbol.
- practical information, including how to get there and what to do in the local area
- regional maps, with the establishments pinpointed

And themed selections:

- establishments which offer facilities for activity breaks

The first edition of Michelin's Hotel and Guesthouses in Italy for less than 100 euros features a selection of 300 establishments at reasonable prices throughout Italy. Having traveled the length and breadth of the Bel Paese, our incognito inspectors were left free to make their own choices. A few lines at the top of each description, indicated by our familiar "we most liked" symbol aim to highlight the little extra that we particularly liked and want to share with you, whether it be "The beautiful pool in the shade of olive trees", "Your hosts' friendly welcome" or simply a few words to set the scene.

The guide is divided into 19 administrative regions of Italy, organized in alphabetical order, with the exception of the "Abruzzo & Molise" chapter, which bring these two regions together. The establishments are listed by place, again in alphabetical order, within each region. The number at the top of the establishment's description corresponds to its location on the map at the beginning of each chapter.

A map at the beginning of the guide shows the different regions of Italy. At the beginning of each chapter is a photo and text illustrating the countryside or important tourist sites, together with a regional map showing our selection of establishments.

To find out more about the area of Italy you intend to visit, you might also want to delve into the Michelin Green Guide Italy for further historical and cultural information. Michelin map 735 Italy is a practical map which shows the whole Italian road network. Michelin maps 428-433 give detailed information on the area your wish to tour.
