"You see what a strange circumstance it is." She felt some fleeting relief. "You know our acquaintance has not been easy." Elizabeth Bennet--stubborn, quick to judge but slow to revise her opinions, and entirely prejudiced against the man who had just proposed marriage at Hunsford--awakens to learn she has been in an accident. Bedridden in an unfamiliar house, she learns eleven years have passed since the last moment she can remember. She finds herself a married woman, mother of four, and pregnant yet again. Her children are strangers, and most mystifying of all, Fitzwilliam Darcy is her husband! How could she have married a man she loathes? Confined to the house by her injury, Mr. Darcy's company is inescapable. But is just being side by side enough to overcome their differences? What happens when Darcy, improved in manners and happily married to Mrs. Elizabeth Darcy, is faced with an obstinate, bewildered Miss Elizabeth Bennet?
