Operations and Supply Chain Management for MBAs

Jack R. Meredith, Scott M. Shafer

Operations and Supply Chain Management for MBAs Jack R. Meredith, Scott M. Shafer
Operations and Supply Chain Management for MBAs, 6th Edition, provides an introduction to the basic concepts of operations and supply chain management with a strategic, conceptual, and contemporary approach. Specifically written with the needs of MBA students in mind, current topics such as supply chain management, the balanced scorecard, and yield management, as well as those specific to marketing, finance and other majors are explained with less quantitative and more conceptual content. With a concise format, this text is designed to allow professors to tailor the course through supplementary cases and other materials for the unique nature of various MBA programs and student populations.

From reader reviews:

Lindsey Gant:

Reading a guide tends to be new life style in this particular era globalization. With studying you can get a lot of information which will give you benefit in your life. Having book everyone in this world can share their idea. Guides can also inspire a lot of people. Plenty of author can inspire their reader with their story or their experience. Not only the storyplot that share in the textbooks. But also they write about the knowledge about something that you need instance. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors nowadays always try to improve their talent in writing, they also doing some investigation before they write to their book. One of them is this Operations and Supply Chain Management for MBAs.

Leta Welter:

Exactly why? Because this Operations and Supply Chain Management for MBAs is an unordinary book that the inside of the e-book waiting for you to snap that but latter it will jolt you with the secret the item inside. Reading this book close to it was fantastic author who have write the book in such awesome way makes the content interior easier to understand, entertaining way but still convey the meaning entirely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of benefits than the other book get such as help improving your proficiency and your critical thinking way. So , still want to delay having that book? If I were you I will go to the publication store hurriedly.

Richard Williams:

Playing with family inside a park, coming to see the coastal world or hanging out with buddies is thing that usually you might have done when you have spare time, then why you don't try factor that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition associated with. Even you love Operations and Supply Chain Management for MBAs, it is possible to enjoy both. It is great combination right, you still wish to miss it? What kind of hang-out type is it? Oh can occur its mind hangout fellas. What? Still don't have it, oh come on its named reading friends.

Mary Kenney:

Reading a book to be new life style in this season; every people loves to learn a book. When you study a book you can get a wide range of benefit. When you read textbooks, you can improve your knowledge, since book has a lot of information upon it. The information that you will get depend on what types of book that you have read. In order to get information about your research, you can read education books, but if you want to entertain yourself you are able to a fiction books, these kinds of us novel, comics, and soon. The Operations and Supply Chain Management for MBAs provide you with new experience in examining a

book.
